"PEACE" (A relaxation in your pocket)

Munim Ahemd
(192-35-477)

PEACE is a meditation app that helps and process a depressed,anxiety and stress soul to a healthy,shine and beautiful mind.For those we make this app in an art to visible and virtual world.

Our motto- 'A relaxation in your pocket'

PEACE

Solution&Planning:

In there will be two panel:

1.System Admin

2.User

The functionalities will be:

1.Onboarding

2.Social Sign up & Profile Management

3.Meditation Exercise Sessions

4.Audio/Video for guided meditation

5.Favorite meditation tracks and sessions

6.Meditation sessions based on level (beginner, intermediate or advanced)

Scope:

Specifically, the app will be useful for helping people who are in stress,anxiety and depression.

Along with this app user get segment of:

- Anxiety & Stress Reduction

- Deep Sleep

- Concentration & Focus

- Tracking Habits and Goals

- Mindfulness

Assumption&Constraints:

- lacking in English skill will face difficulty in using the system.

- Login and password is used for identification of user and there is no facility for guest.

- Subscription monetization model is used for this app.

Dependencies&Risk:

- Main risk behind implementing the project is design.

- Another concern is having common bugs such as the common users are having the same functionalities.
